

iLOCK360

finpath™

Safeguard your employees with identity theft protection

In 2020, identity fraud affected **13.1 million consumers.**

With the help of a full team of trusted professionals, iLOCK360 helps protect the integrity of your organization and its employees with full identity restoration and coverage.

Defend

Our cutting-edge software searches the entire web for anything that is related to you and could be potentially harmful, such as CyberAlert and ScoreTracker.

Protect

iLOCK360 will alert if you if our systems detect suspicious activity or anything out of the ordinary occurs to your credit.

Restore

Full identity restoration will be performed by an iLOCK360 Certified Identity Theft Restoration Specialist.
